Complete an OOD based on the analysis done in Assignment 2. Here are the problem statements again.

(1) Penny Parker needs a Purchasing Program. She makes purchases from different suppliers of various art supplies. Suppliers ship the supplies to Penny (sometime only some of what she purchased) and send her bills. Penny does not want to get over charged.

**What to hand it**

(1) On 10/10 - The complete classical OOD (at least two iterations) for Penny Parker’s Purchasing Program.

(2) On 10/17 - The combined classical OOD for Penny Parker’s Purchasing Program.
